The Manager
Companies Announcement Office
ASX Limited
20 Bridge St.
Sydney NSW 2000.

As previously announced, Yellow Rock Resources Ltd has engaged Runge Limited to carry out a review of the report on the latest drilling results and the consequent resources calculations at the company's Gabanintha Vanadium Project.

Runge is still waiting for further information from the work previously undertaken at Gabanintha (which is expected within the next few days) and will complete the review as soon as the information is received.

This will complete the review by Runge and the company will then announce the results with a confirmation of the resources calculations.
